THE GALA 2021

December 8th
Angel Orensanz Foundation
JOINING TOGETHER TO SUPPORT A STRONG COMEBACK FOR HISPANICS

This first We Are All Human Gala is dedicated to mobilizing support for the Hispanic community and celebrating the incredible contributions they made during the most challenging times of our lives.

THE CHALLENGE

The Hispanic community is often not seen, heard or valued, experiencing significant barriers towards advancement and recognition.

COVID came and further accentuated the obstacles faced by the Latino community. Their significant role as essential workers led to increased health risks on the frontlines. Their high rate of small business ownership led to disproportionate economic loss.

The situation was even worse for Latinas, who are the lowest paid segment in the country and who report the highest amount of time dedicated to caring for their families.

OUR COMEBACK

Despite every obstacle, Hispanics are resilient and ready to come back. This Gala makes a statement, joining together to step up for the Hispanic community.

We aim to elevate the key role Hispanics play in our society, highlight champions uplifting the community, celebrate the amazing Hispanic contributions, and mobilize support to eliminate the barriers they face.

We are committed to turn the general perception of Latinos from invisible to visible, from negative to positive, from takers to makers.

WITH YOUR SUPPORT
WE WILL BE ABLE TO KEEP...

1. UNIFYING THE HISPANIC COMMUNITY

Gather companies, organizations and civil society into a unifying network of game changers through our flagship events.

2. CHANGING THE PERCEPTION OF HISPANICS IN THE U.S.

We have created thought leadership platforms, large social networks and events throughout the year to shine the light on the Hispanic community and their contributions. Our goal is not only to change perception, but also to create role models for future generations.

3. RAISE THE PROFILE OF HISPANIC HERITAGE MONTH

This official, national celebration presents a unique opportunity to elevate support for Hispanics. It is a time for companies to recommit to the advancement of Hispanics in their workforce, a time to reward Hispanic consumers for their loyalty. More than just a culturally relevant party, Hispanic Heritage Month needs to become a high point of pride and progress for Latinos.

4. MOBILIZING CORPORATE AMERICA

Thanks to our Hispanic Promise initiative we've been able to get +200 companies to commit to strengthening Hispanic representation in the workplace and making Latinos a priority to Corporate America.
